

CHILDREN CLINIC: SPECIAL PLAYTIME

with Senior Play Therapist

Target: Children aged 3-10

Fee (each round):

- \$6000 (Senior play therapist*)

Format (each round):

- Regular parent consultation(s)
- 4 play therapy sessions, 45 minutes per session
- All senior therapists are under supervision of US Registered Play Therapist Supervisors (RPT-S) for quality assurance

Through Child-Centered Play Therapy, children can learn to:

- Express their feelings appropriately
- Cope with their challenges creatively
- Consolidate trust in themselves
- Make decisions independently
- Take responsibility for themselves
- Develop positive self-concept and self-respect

*All of our senior play therapists possess at least a master's degree in mental health, i.e., counseling/psychology; and a minimum of 2 years of clinical experience in play therapy.
